# **ADVICE OF BUILDING DELAY – KOORDA RECREATION GROUND PAVILION UPGRADE AND EXTENSION**

At its meeting held on 15 December 2022, and following a public and community group/sports club consultation process, the Shire of Koorda (Shire) Council accepted a design and construction tender from Stallion Homes Pty Ltd (Stallion) for the Koorda Recreation Ground Pavilion extension and upgrade, funded predominantly by the Federal Government's Local Roads and Community Infrastructure Program (LRCIP).

During the process of awarding the tender and preparing construction drawings, the Shire and Stallion were planning on construction works commencing in the first half of 2023.

However, due to the significant labour and building material challenges facing the building and construction industry, generally, and, in our case, the provision of construction steel, specifically, Stallion have advised the Shire that the commencement of building works will be delayed until September 2023.

Whilst the delay to September 2023 will allow for an uninterrupted Koorda Winter Sports season, the Shire apologises for the inconvenience to the community groups/sporting clubs that will be affected once building works commence.

It is also important to note that the building delay will not affect the Shire's LRCIP funding as the labour and building material challenges facing the building and construction industry has resulted in an extension to the project timelines under this program.

## **UNAUTHORISED DRIVING ON THE GOLF COURSE**

The Shire has received reports of unauthorised driving across the golf course. The frequent driving has created a track across multiple fairways.

We take this opportunity to remind community members that unauthorised vehicles are prohibited on the golf course.

We thank community members in advance for your cooperation.
