# DRY SEASON RESPONSE OUTREACH PROGRAM

Grower Group Alliance (GGA) is partnering within the WA government's dry season response program. Through the newly formed Dry Season Task Force, GGA will administer a five-part plan to support mobilisation of on-ground efforts around community wellbeing in the agricultural sector.

GGA has been contracted via a \$250,000 package to partner in the dry season response initiatives. Their five-part plan will support and mobilise on-ground efforts for community wellbeing in the agriculture sector.

- Part 1 – Grants of \$5,000-\$35,000 to support existing or new initiatives led by GGA members **or** other local agricultural groups.
- Part 2 – On-ground intelligence gathering – GGA will provide a channel to capture local on-ground situation updates to relay to the Dry Season Taskforce to support informed decision-making as the situation evolves.
- Part 3 – Knowledge Directory – curating all known dry season events, resources and financial initiatives across organisations
- Part 4 – Communications support – driving engagement with all dry season initiatives leveraging the GGA suite of digital assets
- Part 5 – Collaboration – GGA will engage in weekly DPIRD Response communications team meetings around planned activities and attend weekly Dry Season Response team meetings for information cross-sharing.

## Part 1 - Grants

Grants are available for GGA network members, and other agriculture organisations that have already, or would like to mobilise dry season response initiatives in their area. Examples of how grant funds can be used include, but are not limited to:

- Events – special topic events or social gatherings to provide locally suitable support initiatives.
- Consultants – outside subject-matter experts or contractors to deliver specific services including operational support eg. communications contractor or guest speakers for events eg. mental health advisor, financial advisor etc
- Wages – funds to cover extra staff resourcing to deliver dry season response activities outside the scope of their normal work.

Grants will be available until all funds have been allocated. The application process is simple with grants being assessed in weekly batches with a quick notification turnaround.

Find out about the full five-part action plan, and apply for a grant via the Dry Season Response Outreach project page here <https://www.gga.org.au/activity/dry-season-response-outreach/>
